PROJECTS

Burger Bar | <https://burger-bar-orm.herokuapp.com/> | <https://github.com/abissier/Burger-Bar>

- A restaurant app that allows users to add the name of burgers they would like to eat, and change its state to devoured once eaten.
- Project is built using HTML5, CSS, JS, MySQL, Node, Express, Handlebars, and ORM.

Weather Dashboard | <https://abissier.github.io/Weather-Dashboard/> | <https://abissier.github.io/Weather-Dashboard>

- A dashboard that allows users to search for the weather outlook of multiple cities by retrieving data from the open weather map API.
- Project is built using HTML5, CSS, JS, and public APIs.

Password Generator | <https://abissier.github.io/Password-Generator/> | <https://abissier.github.io/Password-Generator>

- An application designed to take user input and create a password that matches the selected criteria.
- Project is built using HTML5, CSS, and JS.

PROFESSIONAL EXPERIENCE

Wells Fargo Advisors

Charlotte, North Carolina

Investment Resource Consultant

October 2018 - September 2020

- Completed licensing for SIE, Series 7, Series 66, and Chartered Retirement Planning Counselor to remain compliant with FINRA regulations.
- Provided investment and retirement solutions to new and existing Wells Fargo clients via inbound and outbound calls to increase sales of financial products.
- Maintained high QA scores and was invited to serve as Quality Assurance Ambassador to ensure policy changes were communicated to the Charlotte Investment Resource Center.

UNC Asheville

Asheville, North Carolina

OneStop Advisor

October 2017 - August 2018

- Advised undeclared students on UNC Asheville's curriculum and policies for an efficient registration experience.
- Planned, coordinated, and executed UNC Asheville Summer Bridge Programs for 50 incoming freshmen and provided students with the academic skills and social resources needed to succeed in a college environment.
